Dear Friend of the Parker Family Health Center:

We have wonderful news!

This August, through the efforts of our board member Carol Stillwell, the Monmouth County Horse Show will feature a silent auction and other events that will benefit the Parker Family Health Center and support our mission of health care for the uninsured.

We are writing to you now for two reasons.

First of all, mark your calendars for August 12-16 for the 114th Monmouth County Horse Show, one of the oldest continuous equestrian events in the country.

The show, held at the East Freehold Park, is free and open to the public. Rated an "AA" competition by the United States Equestrian Federation, this show is one of the country's finest showcases of horsemanship. We hope you will visit this year for an entertaining and enjoyable time.

The other reason we are writing is to ask you to help us put together the best silent auction ever to benefit the Parker Center. We are looking for auction contributions: tickets to the theater, concerts or sporting events, gift certificates for your favorite restaurants; electronics, jewelry—the list is endless.

These are suggestions only, and we would appreciate your creative ideas. Our "gifted" auction committee is ready to combine your donations into appealing baskets.

If you would like to donate, please call the Parker Family Health Center at 732-212-0777, X106, or email us at ParkerRSVP@gmail.com. You can also drop off your auction items at the clinic at 211 Shrewsbury Avenue in Red Bank.

We thank you for all the ways you support our work.

Sincerely,

Eugene F. Cheslock, MD
President
